## Introducing The Historic England Foundation

The Historic England Foundation is a charity that was established in 2018. The Foundation exists primarily to support the work of Historic England as the public body that helps people care for, enjoy and celebrate the history that surrounds us now, and in the years to come.

Historic England champions, protects and saves the places that define who we are and where we've come from as a nation.

The Historic England Foundation cares passionately about these places, the stories they tell, the ideas they represent and the people who live, work and play among them.

The Foundation's charitable objectives are, for the benefit of the public, to:

- Promote the conservation, protection and improvement of heritage assets in England
- Advance education by promoting research into, and furthering the public's knowledge and enjoyment of, heritage assets situated in England and their conservation in particular but not exclusively by supporting the work of Historic England.
